

Program Information

Program Name:	Skunk Removal Program
Program Information:	<p>Our technician will bring a camera with them to inspect the area that you feel the skunk is living. If the skunk is present, we will continue with the trapping program described below.</p> <p>We charge per service. The first service, we like to meet you on site. We show you how the traps work. We will ask you to visually inspect the traps daily; preferably first thing in the morning.</p> <p>Once a skunk is caught you will call us, and we will remove the skunk within 6 hours. This is a second service.</p> <p>If there is no skunk present, we can install up to 8 feet of a product called dig defence for a cost of \$199.00 + GST to block the hole off. This will stop the skunk from getting under your deck, shed, etc.</p> <p>If additional length is needed, it is \$120.00 + GST per four (4) foot section installed.</p> <p>*With the use of the ferret camera if we can't 100% confirm the den is active then dig defence will have to be installed at a later date and after the skunks have been caught and removed.</p> <p>If for some reason the dig defence will not work, or you do not want the product installed, the charge would be \$195.00 + GST for a visual inspection.</p>
Program Cost:	\$ 195.00 + GST per service
Additional Costs:	Release on site of non-target animal \$ 145.00 + GST. Release off site of non-target animal \$ 195.00 + GST. After-hours pick-up surcharge \$ 235.00 + GST + regular pick up fee \$ 195.00 + GST = \$430.00 + GST
Program Term:	N/A
Health & Safety:	The service technician on site will explain any site specific health & safety concerns at the time of the service.
Payment Information:	We require a credit card number at time of booking to hold your appointment. We also accept cash, cheque, and interac-e-transfers at time of payment.
